We thank these companies for their support of our Membership Directory.

Dear Colleague;

On behalf of the New Jersey Recreation and Park Association, it is my pleasure to present to you the 1991-92 Membership Directory.

I would like to thank the Membership Committee for their effort in providing the most current and comprehensive listing of Park, Recreation, and Natural Resource professionals in this State. All NJRPA members will find this Directory to be one of their most valuable resources for the coming year.

Please familiarize yourself with the Directory's advertisers and commercial members, and consult this book first, when searching for materials, products, and services. Without the support and assistance of our commercial members and advertisers, this publication could not have come to fruition.

This Directory is one of the many services provided to you as a member of NJRPA. Your fellow members continue to attempt to meet your needs through the Association's educational and training programs, Annual Conference and Trade Show, Leisure Times, and legislative efforts.

Please do not hesitate to call upon your Association, it's officers and staff, during the year.

James R. Dunwiddie, CLP
President

P.S. The Membership Committee has stated that they wouldn't mind the extra work next year, by adding new names to the Directory. Please support NJRPA by actively recruiting new members—your help will be greatly appreciated.
